June 28, 2010

The Honorable Janet Napolitano  
Secretary of Homeland Security  
Washington, D.C. 20528

Dear Madam Secretary,

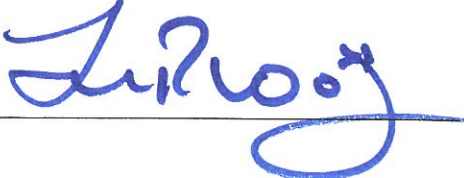

We are troubled by what we understand to be the position of the Department of Homeland Security (DHS) concerning the immigration status of Mr. Mosab Hassan Yousef. It is incumbent on DHS to take into account all the evidence.

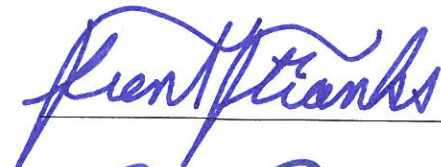

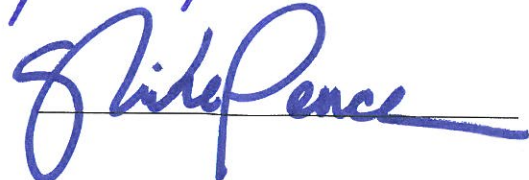

Mr. Yousef is currently scheduled for a U.S. Department of Justice Executive Office for Immigration Review hearing on June 30, 2010, which is expected to determine his request for asylum in the United States. To the extent that DHS officials or attorneys will be involved in this hearing or future hearings, we ask that full consideration be given to Mr. Yousef's views and conduct in recent years, particularly his cooperation with Shin Bet at significant risk to his own safety and life.

We understand that Mr. Yousef's Shin Bet handler will attest to Mr. Yousef's courageous work to prevent acts of terror, as well as attest that Mr. Yousef harbors no loyalty to or affiliation with a foreign terrorist organization.

Additionally, Mr. Yousef's conversion to Christianity and work with Israeli intelligence services would place Mr. Yousef in grave danger should he be forced to return to the Middle East. These important conditions must also be taken into consideration as Mr. Yousef's immigration status is adjudicated.

Sincerely,
